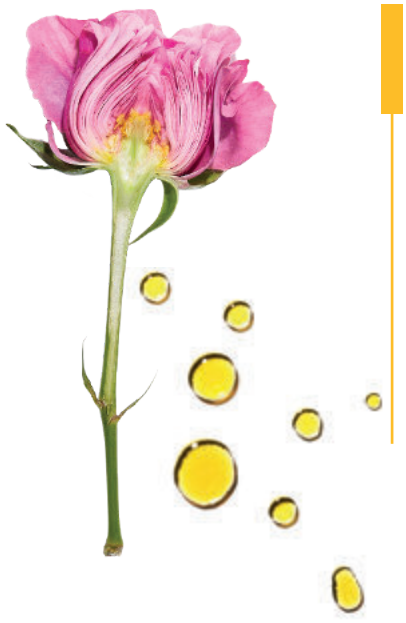
ESSENTIAL OIL SKINCARE

AT DECLÉOR EFFICACY & SAFETY GUARANTEED

Essential oils are at the heart of everything we do, so their PURITY and QUALITY is vital. We only use the very best active ingredients from premium quality producers and fine tune every blend to create the safest and most effective formulations. All our products are rigorously tested to make sure they pass our unparalleled quality standards.

They are PROFESSIONALLY BLENDED by our expert team of aromatherapists, olfactotherapists & formulation engineers to guarantee maximum skin benefits& safety.

We are committed to promote a SUSTAINABLE & RENEWABLE SOURCING of plants around the world & to select the finest essential oils.



OUR FORMULATION HIGH QUALITY STANDARDS

We use as many NATURAL INGREDIENTS as possible in all our formulas, aiming at 95% natural origin. Our Aromessence serums are 100% natural origin.

Our formulas are TESTED & APPROVED by women under dermatological control, to ensure efficacy, integrity & sensory experience.

We ensure the PHARMACEUTICAL QUALITY of our essential oils through analysis of their origin, purity, composition, & botanical definition.

ESSENTIAL OIL SKINCARE

WHY CHOOSE DECLÉOR? THE ELEVATOR PITCH

DECLÉOR has pioneered **ESSENTIAL OILS SKIN CARE SINCE 1974**

The power of aromatherapy is the heart of our performance, and gives us a **NATURAL** scientific solution to treat all skin priorities.

We create powerful actives with an incredible affinity to the skin to travel quickly and deeply for complete **SKIN TRANSFORMATION**.

WRITE YOUR OWN ELEVATOR PITCH:

WHAT MAKES ESSENTIAL OILS SO POWERFUL IN SKINCARE?

DEEPER
Due to their natural affinity with the skin's fluids, such blood and lymph, they also travel deeper then any other ingredient.

FASTER
They are one of the quickest ingredients to be absorbed into the skin.

BETTER
Essential oils allow us to create a natural scientific solution to every skin priority, body or lifestyle.

THE POWER OF ESSENTIAL OILS

WHAT IS AN ESSENTIAL OIL?

THE MOST POWERFUL NATURAL INGREDIENT

- Fewer than 5% of the world's plants produce E.O.s, making them rare and precious.
- They are the plants' natural remedy, having protective, reproductive and regenerative properties.

ESSENTIAL OIL IS NOT AN OIL

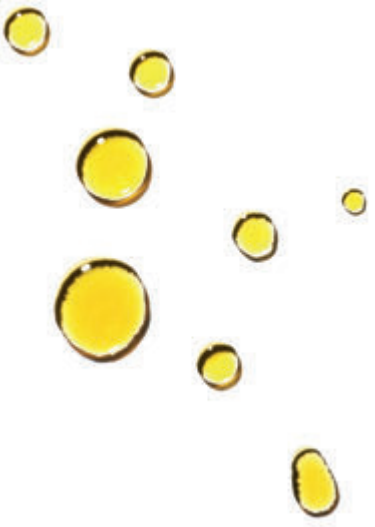
- Has no fatty acids (non greasy), making them very small with a high penetration property.
- 150 active molecules in one drop on average.
- Labs cannot replicate or create them.

A MULTI-POTENT NATURAL REMEDY

- Anti-inflammatory, Anti-bacterial, Anti-oxidant
- A melanin inhibitor, A cell stimulator, A Moisture lock
- Regenerative, Healing, Draining.

AMAZING AFFINITY WITH THE SKIN

- E.O.s have the power to penetrate through the skin lipids (1st line of defense).
- Due to their very small molecule size, they can easily penetrate into the cells.



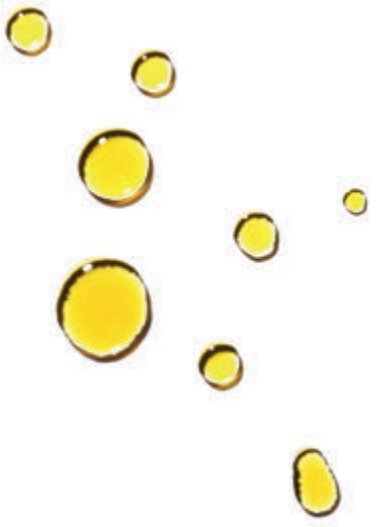
THE POWER OF PLANTS

WHAT DO WE USE IN OUR PRODUCTS?

ESSENTIAL OILS
- Are the highly concentrated and pure essence of seeds, flowers, leaves, roots, and other parts of plants.
- They are extremely potent and cannot be used directly on the skin. Therefore when using on skin, you must dilute EOs in a carrier oil.

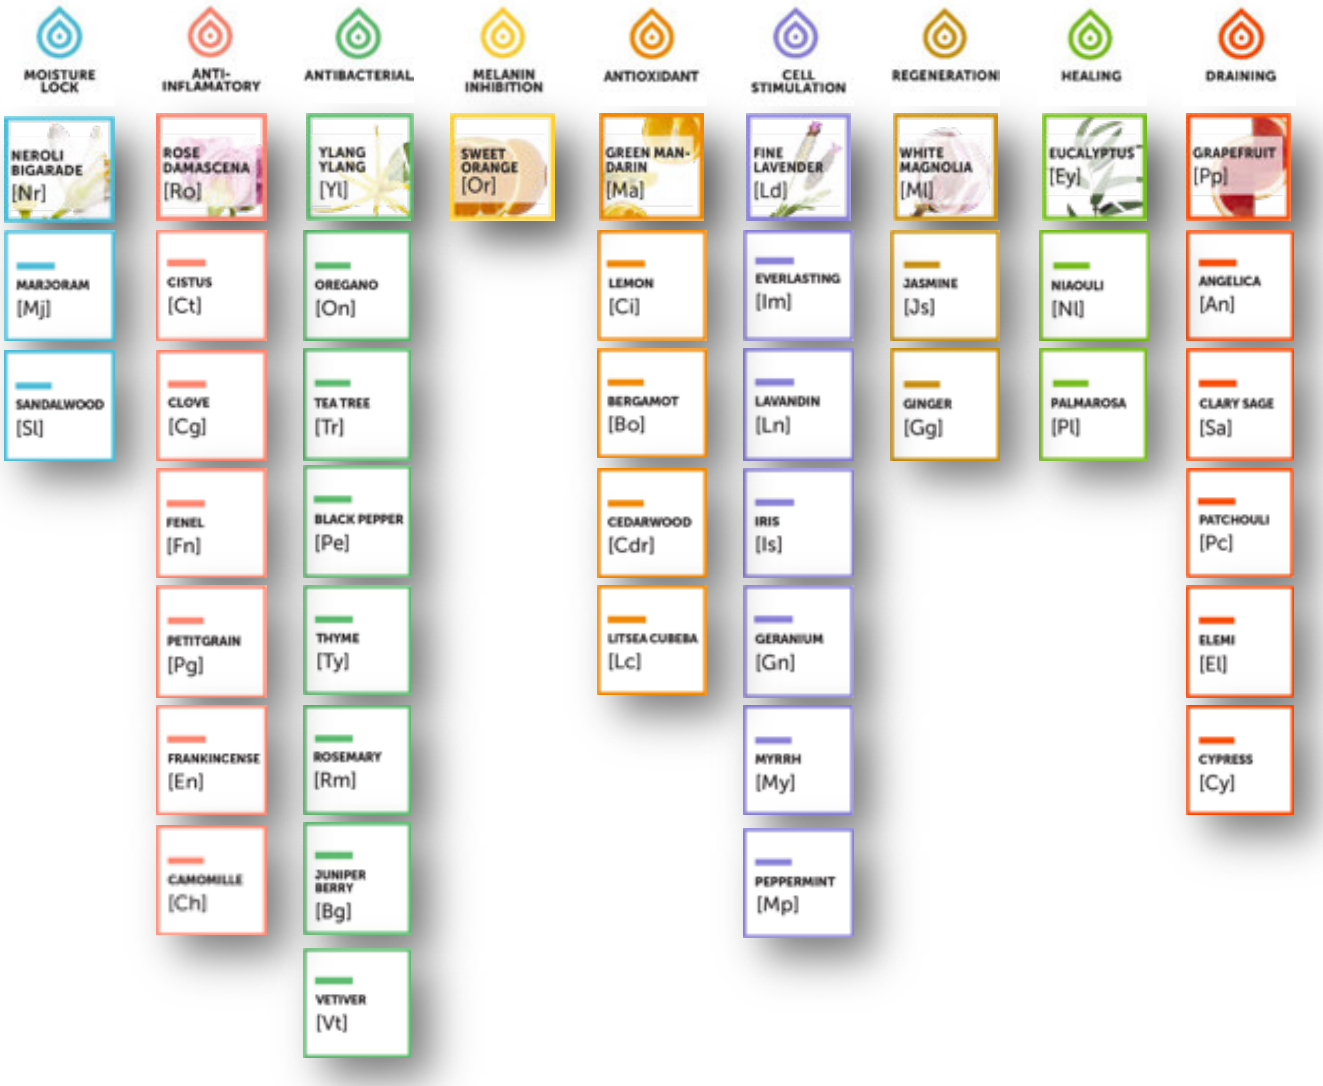
BOTANICAL OILS
- They are typically derived from the fatty parts of a plant, such as the seed, kernels or nuts.
- Often referred to as carrier oils, they are used to dilute the essential oils and help “carry” them into the skin.
- Carrier oils are often rich in vitamins and omegas, which cannot be found in essential oils.

PLANT EXTRACTS
- Are derived from flowers, herbs, nuts, seeds, roots and berries.
- Often they contain anti-Oxidants, vitamins and minerals.
- They are not as concentrated as an Essential oil but are still beneficial for the skin.
- Not all plants produce Essential oils, many of them can be used to obtain extracts.



ESSENTIAL OIL DISCOVERY

Selected and known for their
POWERFUL PROPERTIES on the skin and classified in families of actions, our essential oils are combined in **PROFESSIONAL BLENDS** by our team of experts.



My DECLEOR Discovery

THE AROMESSENCE

WHAT IS AN AROMESSENCE?

An Aromessence is a daily serum designed to target the needs of the skins priority.

Aromessences are the most concentrated and most powerful formulations within the Decleor product portfolio.

These advanced formulations created to deliver clinically proven, outstanding results in just one application.

Every drop of Aromessence is a powerful blend of essentials oils and botanicals oils.

Created to treat ALL the layers of the skin to be able to target the skin of the future

Created to turbo charge your current skincare routine by magnifying your results.

No water
No bulking ingredients

99% natural origin. A pure and powerful concentrate.

Every drop contains 150 active compounds

Award winning

THE AROMESSENCE

HOW TO USE

The Aromessence Serum is at the heart of DECLÉOR treatments and at-home offer.
APPLIED BEFORE THE DAY CREAM to boost its properties.
The Aroma Duo technique combines the
AROMESSENCE OIL SERUM with the DAILY CREAM.

A SERUM THAT...

- ✓ Treats the skin of the future
- ✓ Skin transformation
- ✓ Brings vitality and radiance
- ✓ Boosts the penetration of the daily care active ingredients

A DAILY CREAM THAT...

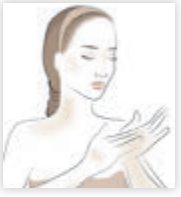
- ✓ Treats the skin of today
- ✓ Protects the skin
- ✓ Moisturises
- ✓ Seals in the Aromessence

MAGNIFIED RESULTS

EVERY LAYER OF THE SKIN IS TREATED

A DAILY CLINICALLY PROVEN ROUTINE

1



Warm 3 drops of serum, or 2/3 pea-sized amounts of balm, in the palm of your hands

2

Put your hands in front of your face, close your eyes and inhale deeply 3 times Enjoy the delicate fragrance of the essential oils

3

Apply on the whole face, neck and décolleté with 3 light effleurages

CLINICAL RESULTS
*-35% pollution particles on skin (*clinical test on 20 women)
**-16% water evaporation
(**clinical test on 24 women)

NEROLI BIGARADE

WHAT IS IT?

Every skin type and all skin ages fight on a daily battle against moisture loss. Dehydration can be found in zones of the face i.e. cheeks, foreheads.

A flawless skin is a hydrated skin, Hydration is a vital requirement for skin health.

Using innovative ingredients and technology which mimics the remarkable hydration process found in plants, our iconic Neroli Bigarade range has been created to keep all skin moisturised and protected day and night.

2nd most harmful aggression to the skin is pollution – Neroli Bigarade protects and hydrates.

- Hydration is single handily the most important factor for the skin.
- Skin is thirsty 24hrs a day, 12 months of the year.
- If skin hydration levels drops below 13% in the epidermis, the skin will steel moisture from the dermis where collagen is made.
- We loose half a pint of moisture from our skin daily (not including exercise etc.)

AROMESSENCE
NEROLI BIGARADE

HYDRATING ESSENTIAL OILS SERUM

Essential oil of Néroli is derived from the blossom of the Seville orange tree. The very feminine, fresh, youthful and pure fragrance is named after a noblewoman, the Duchess of Néroli. LAVENDER FINE

WHAT IS IT?

Our Lavender Fine range combines the latest technology and advanced ingredients to deliver profound lifting and proven collagen stimulating ingredients.

This range is created with the understanding of what ageing skin needs – skin is thinner, more elastic. Collagen is being damaged daily by stress, inflammation build up, pollution & free radicals. We know cell renewal slows down and sugars (Glycation Ageing) is causing collagen to become brittle and snap, causing lines and wrinkles and slack skin.

SKIN BENEFITS

The remarkable **L-Proline Complex** an essential amino acid that the skin needs to produce collagen, and the powerful wrinkle smoothing **Iris Essential Oil** will reactivate and strengthen the production of collagen to improve the elasticity and tone of the dermis, leaving wrinkles visibly diminished. Skin feels smoother, firmer, brighter and more youthful.

LAVENDER FINE

FIRMNESS ESSENTIAL OILS SERUM

Iris has stimulating and astringent properties, promotes cell exchanges and contains active anti-ageing properties. Its fragrance is powdery, delicate, precious and elegant.

WHO FOR?

- A super serum for clients who want to combat both lines, wrinkles and loss of firmness.
- Lines & wrinkles on the forehead, nose to mouth and neck.
- Loss of firmness on the neck, jawline and décolleté and cheeks.
- Line caused by sun, pollution, general ageing & sugar (# Lines).
- Thinning of the skin and skin becoming more elastic, cell renewal slowing down.
- 40yr+.

RESULTS & KEY SELLING POINTS:

- Plump and smoothes the appearance of lines and wrinkles.
- Increases collagen production.
- Protects collagen.
- Better skin by the S.E.C.
- More SUPPLENESS – less wrinkles.
- More ELASTISITY – less wrinkles.
- More COLLAGEN – less wrinkles.
- The skin will feel rejuvenated, firmer and facial contours re-defined.

15 ml BOTTLE

Available in professional format

HOW TO APPLY:
Warm 3 drops of AROMESSENCE Oil serum in your hands, breathe the scent and apply on the whole face. Proceed to pressure points mentioned before (“2” protocol). Then apply the day cream.

FORMULATION & CLINICAL RESULTS:
Essential oils of –
Lavender and Lavandin: helps to protects collagen an elastin fibres from free radical damage.
Sandalwood: Stimulates collagen to increase firmness.
Iris: Stimulates fibrilin (elastin) fibres, and cell proliferation and reduces glycation ageing.

Botanical oils of –
Evening Primrose: strengthens the skin to better defend itself.
Jojoba: rich in vitamins and minerals essential to repair damaged cells.
Avocado: rich in omegas and vitamins to replenish and comfort.

CLINICAL RESULTS
*90% of women noticed their skin was smoothed
*71% of women noticed their skin was firmer
*87% of women noticed their skin was more luminous
(*self-assessment test on 52 women after 4 weeks)
